

AMAN SINHA

Full-Stack Laravel & PHP Developer

aman.sinha.connect@gmail.com | +91-7557839800 | Kolkata, West Bengal | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Skilled Full-Stack Laravel & PHP Developer with 3+ years of professional experience building scalable, high-performance web applications across fintech, healthcare, hospitality, travel, and SaaS domains. Strong expertise in Laravel, Vue.js, Core PHP, MySQL, REST APIs, and WordPress. Delivered 8+ end-to-end projects independently and in team environments. Proven ability to migrate legacy systems, optimize database performance, integrate third-party APIs, and deploy applications on production servers. Looking to contribute to a product-based or MNC environment where technical excellence and growth go hand in hand.

TECHNICAL SKILLS

Backend: Laravel 10/11, Core PHP, REST APIs, MVC Architecture, OOP, JWT / Sanctum / Passport, PHPUnit (basic)

Frontend: Vue.js, Quasar Framework, HTML5, CSS3, TailwindCSS, JavaScript (ES6+), jQuery, AJAX, Bootstrap

Database: MySQL, MariaDB, MSSQL, complex queries, stored procedures, schema design

CMS: WordPress (custom themes, plugins, REST API, WooCommerce concepts)

DevOps & Tools: Git/GitHub, Composer, Postman, VPS, cPanel, Linux basics

Workflow: Agile/Scrum, sprint-based delivery, code review, API documentation

PROFESSIONAL EXPERIENCE

Associate Developer

Nov 2025 – Present

Appycodes | Siliguri, WB | On-site

- Scale Connect — Built a full-featured conference and meeting management SaaS platform with user roles, scheduling, and real-time features using Laravel, Blade, REST APIs, and Stripe payment gateway.
- Yippee Malta Website — Developed a Tour Booking Management System for a Malta-based international travel client using WordPress; implemented booking workflows, itinerary management, admin panel, and Trust Payment gateway integration.
- Blog for Business Website — Developed a WordPress-based business blog with custom theme, SEO optimization, and performance tuning.
- Managed deployments on cPanel and VPS; handled post-launch monitoring and client change requests.

Laravel Developer

Mar 2025 – Oct 2025

Crowntail Technologies Pvt. Ltd. | Siliguri, WB | On-site

- Built and maintained CSPM Bank Management & Audit Compliance Platform — an enterprise-grade web application using Laravel + Vue.js + Quasar Framework.
- Designed and optimized MySQL/MariaDB databases for high-volume banking audit data with complex relational schemas.
- Integrated payment gateways and third-party financial APIs; ensured security compliance and data integrity.
- Deployed applications on VPS servers; managed staging and production environments.
- Collaborated with cross-functional teams in an Agile sprint-based workflow.

PHP Web Developer

Jul 2023 – Mar 2025

Techno Developers Group | Siliguri, WB | On-site

- Independently delivered 5+ full-cycle projects: Hotel ERP (Core PHP + MySQL), Payroll & Attendance Module, Online Registration & Permit System (government portal), and WPF (.NET) desktop applications.

- Architected complex MySQL databases with stored procedures and optimized queries for ERP workflows.
- Migrated legacy codebases to structured MVC architecture, reducing load times and improving maintainability.
- Deployed all projects on client servers; managed security hardening, uptime monitoring, and post-go-live support.
- Sole point of contact for requirement gathering, demos, and change requests directly with clients.

Junior Software Engineer (Internship)

Dec 2022 – Jun 2023

CareEco | Andhra Pradesh | Remote

- Worked on SIHATKU EHR — a Clinic Management System — using ASP.NET Web API and MSSQL.
- Optimized database queries and integrated APIs for new clinic onboarding workflows.

KEY PROJECTS

- Scale Connect — Conference & meeting SaaS | Laravel, Blade, REST APIs, MySQL, Stripe
- Yippee Malta Website — International tour booking platform | WordPress, Trust Payment Gateway
- Blog for Business Website — SEO-optimized WordPress blog | Custom theme, performance optimization
- CSPM Bank Audit Platform — Enterprise banking compliance system | Laravel, Vue.js, Quasar, MariaDB
- Hotel ERP System — Full hospitality management | Core PHP, MySQL, room booking, billing, reporting
- Payroll & Attendance Module — HR automation | Core PHP, MySQL, salary processing
- Online Registration & Permit System — Government portal | Core PHP, MySQL, workflow automation
- SIHATKU EHR — Healthcare clinic management | ASP.NET Web API, MSSQL

EDUCATION

B.Tech – Applied Electronics & Instrumentation Engineering

2018 – 2022

MAKAUT – Techno International New Town | West Bengal

DGPA: 8.88 / 10

Higher Secondary (Science, 2018): 91% | Secondary (2016): 85.86% | Manikchak Siksha Niketan

ACHIEVEMENTS

- 2nd Place — FOSET 2020 National Paper Presentation: Low-Cost Automated Water Level Control System using ultrasonic sensors.
- Delivered 8+ production projects across 5 industries with zero reported critical failures post-launch.
- Improved application performance by ~30% through database query optimization and Laravel caching strategies.
- Successfully delivered an international client project (Yippee Malta) remotely from India.
